Uusikaupunki Youth Council

- since 2001
- 2 years at a time
- 15 members, 13-18 years old
- the voice of young people
- 1 meeting/ month
- members take part to the communal/municipal commissions
- arranges trips and events for young people

Our top priority is to offer a place, where young people can regularly come, meet and chat with their friends as well as play together. We provide a safe and high quality environment in our youth centers, where young people can easily come and spend their free time. We have rules and limits about how to behave and treat each other -it´s all about respect in our centers.
